**Welcome to the Revolution—Be a Part of It.
This isn't just a career—it's a movement.
A revolution. And it needs YOU.**

With Nancy Guberti

Certified Autism Health Coach Webinar Guidebook

Welcome!

Congratulations on taking the first step towards becoming a **Certified Autism Health Coach!** This guidebook is designed to help you follow along during the webinar, take notes, and reflect on key takeaways.

Welcome to the Revolution—Be a Part of It.

Join the informative webinar to discover how the Certified Autism Health Coach can transform lives as well as your business.

Why This Revolution Matters

Autism affects 1 in 36 children, yet the gap in effective support continues to grow. Parents are frustrated, overwhelmed, and searching for real solutions. The Autism Coaching Revolution is about bridging this gap—helping families navigate biomedical interventions, functional lab testing, and holistic approaches to improving outcomes.

Join the Revolution & Discover:

Breakthrough biomedical & functional medicine interventions that change lives.
How to use functional lab testing & nutraceutical protocols to get real results.
The step-by-step path to becoming a Certified Autism Health Coach.
How to create a thriving, impactful career while making a difference.

This isn't just a career—it's a movement. A revolution. And it needs YOU.

Section 1: The Urgent Need for Autism Health Coaches

Key Statistics:

- 📌 1 in 36 children is diagnosed with autism.
- 📌 Families struggle to find trained professionals for holistic support.
- 📌 The autism care industry is growing into a multi-billion-dollar field.

Reflection:

- Why are you interested in specializing in autism and neuro-developmental disorder care?

- What challenges have you seen in autism support that you'd like to help solve?

Section 2: Understanding Biomedical & Functional Medicine Interventions

Key Points:

- ✓ The role of gut health in autism & behavior.
- ✓ How biomedical interventions improve outcomes.
- ✓ The impact of food sensitivities & environmental toxins.

Take Notes:

- What are three things you learned about functional medicine and autism?

1. _____

2. _____

3. _____

Section 3: Creating a Fulfilling & Financially Rewarding Career

Key Points:

- 💡 How becoming a Certified Autism Health Coach can transform your career.
- 💡 How to integrate lab testing into your practice.
- 💡 The high demand for specialists in this field.

Reflection Questions:

- How would specializing in autism care enhance your career?

- What services could you offer to create a sustainable income?
